Digital Content Production

Whether it's for business promotion or education, a way to document your family stories, a podcast to explore your passion or you just need a professional recording studio... we've got you covered!

Level 1

Basic Studio Rental

The room is yours for an hour. You get our studio and full access to our recording equipment. You record to your laptop.

Level 2

Finished Audio w/producer

Bring us your idea, take a seat at the mic and we'll work with you to bring your vision to life. Our producer will be in-studio to provide production help along the way.

Level 3

Full Production w/producer

1 hour studio time will give you up to 4 fully produced pieces for use on social media, newsletters, websites, and/or self publishing/distribution.

Level 4

Requires Podcast Set-up - below

Full Production and Podcast Distribution

Includes storyboarding session, custom open/close, licensing, transcription, show notes, landing page and distribution to all major podcast platforms. One hour studio time will produce up to 4 fully mastered and scheduled episodes monthly.
